Complete coverage for foreign nameplates!

Thanks for choosing Auto-Plus!

Cabin Air Filters

Cabin air filters capture soot, dirt, pollen and other pollutants that enter a vehicle cabin through its HVAC system. They also prevent leaves, dirt, bugs and other debris from entering the system and impacting the operation of the heater, air conditioner and defroster.

Recommend replacement every 12,000 - 15,000 miles or at least once per year.

- 24815 Various Honda Acura (03-08)
- 24805 Chevy/GMC Trks (99-02), Cadillac Escalade (00-02) - 2 per box
